Recent Experiences

2018 - Present
Bangalore / Remote

Sabre Travel Technologies
Lead Design Technologist

Delievered building performant react components, widgets for consumption across other products built at Sabre. Managed a small team of remote employees across different time zones, release management and developer outreach to promote adoption.

Senior Software Engineer

Successfully migrated a legacy app to scaled ReactJS application along with a team of developers. During contingency, took up full stack development which included API development, on call production support, release management and NPM updates.

2016 - 2018
Bangalore

Landmark Group
Frontend Engineer

Worked in a fast paced environment working on multiple products, scaling up the team, working with cutting edge technologies, obsessive focused on UX and design, conducted multiple interviews to fill frontend positions. Delivered several green field projects and took them live across multiple countries.

Certifications

2013 - 2016
Public Speaking

Advanced Communicator Bronze
Toastmaster International

The Advanced Communicator Bronze (ACB) certification from Toastmasters signifies a high level of proficiency in public speaking and leadership skills, demonstrating a commitment to personal growth and development.

2022 - 2023
Web Analytics

Google Analytics Certified
Google

The Google Analytics certification is a globally recognized credential that demonstrates expertise in digital analytics and the ability to effectively leverage Google Analytics to improve business performance, making it a valuable asset for digital marketers.
